C-50

HIGHLY MOBILE WHEELED STACKER

The McCloskey™ EC-50 is a light duty mobile stockpiling conveyor that has been designed for high capacity stockpiling operations. The conveyor is perfect for both material stockpiling or material transfer between machines.

The machine's small footprint makes it perfect for sites with spatial constraints.

Four of these units can be transported in a 40ft, high cube, open top container, thereby substantially reducing transport costs.

FEATURES

- 800mm (32") wide heavy duty 50' long conveyor
- Large feed hopper
- Close coupled, diesel powered or electric powered
- Fast on site setup time - 5 minutes
- Adjustable feedboot height to minimize impact
- Feedboot extensions

McCloskey Environmental

COUPLES WITH CRUSHING & SCREENING

- Can be coupled with McCloskey crushers and screeners maximum production

TRANSPORT FRIENDLY

- Units can be containerised, which significantly reduces transport costs

GUARDING

- All guarding is fully compliant with CE specifications

RADIAL AXLE

- Pivoting axle box allows for creating swept radius stockpiles

DIMENSIONS AND CAPACITIES

TRANSPORT HEIGHT	3.04M (9' 11")	TRANSPORT WIDTH	2.49M (8' 2")	STOCKPILE CAPACITY @ 22 DEGREES	384 CU. M (502 CU. YDS.)
TRANSPORT LENGTH	11.99M (39' 4")	WEIGHT	4,100 KG (9,020 LB)	PRODUCTION	400 TPH (440 USTPH)
STOCKPILE HEIGHT @ 22 DEGREES	6.365M (20' 11")
